

NORTH WEST TRIATHLON SELECTION CRITERIA FOR TRIATHLON AND DUATHLON

To be selected to represent NWT at SA Championships, an athlete must meet the following criteria:

- Be registered and have a valid TSA licence number for the season
- Complete 2 NWT league events. Participation can be in Triathlon or Duathlon, and for Age Groupers can be sprint or standard. Aquabike participation will also count as a league.
- Participate in Provincial Champs. If an athlete is not able to participate at provincial championships, an additional league event can be used.
- Obtain a qualifying time. Age Groupers who have qualified for the Standard distance will automatically be qualified for the Sprint distance too. Where there are 2 separate SA Championship races (Triathlon) they will be considered to have qualified for both. If there is only 1 SA Championship race (Duathlon) they may chose to participate in sprint or Standard. NOTE- A Sprint qualifying time CANNOT be used to qualify for Standard.
- Age Groupers who qualify for Standard Duathlon may choose to do the Long Distance event at SA Championships, if there is one.
- The athletes time will not be used if a TT bike is used in a Sprint event. We will allow participation, but the time will not be considered for qualification.
- Qualifying times may be adjusted to account for circumstances (strong wind/rain/heavy water flow).

If an athlete is not able to meet the above criteria, application can be made to the selection committee (via email to nwesttriathlon@gmail.com) for consideration. While every effort will be made to accommodate athletes, we need to maintain integrity, fairness and transparency.
